Dimensions in drawing subject to options selected.

Features

- 14" diameter, 16 ga. fountain bowl
- No plastic parts
- 100% made in the USA
- Manufactured with lead-free materials
- Integral drain in bowl for ease of cleaning
- 1/4" steel support arm and wall bracket capable of supporting 500 lbs.
- Cover plate and access panel to match bowl finish or choose from unlimited powder coat colors
- 16 ga. plate secured with tamper-resistant screws for added security
- Standard 6" access panel
- Options include sensor activation, bottle fillers, bottle counters, finishes, bubbler valves, and more...

Recommended Add-ons

Chiller

Equip your fountain with a Filtrine point-of-use or remote chiller to cool your drinking water. We can help you select the most economic chiller model to fit your demand.

Purifier

Ensure that your drinking water is of the highest quality by adding a Filtrine Taste Master® purifier cabinet underneath the fountain or a remote purification system serving all fountains in the building.

Exploded On-Wall Installation View 107-14 with Access Panel

4x - 5/16" CS Lag Bolts (By Others), for Securing Mounting Plate to Mounting Surface (Bracing May Be Needed for Support)

Typical Assembly Instructions (Always Install Per Local Code)

- Cut rough opening as shown above and install blocking or fixture carrier as required to support the assembly.
- If optional access panel was ordered cut a separate rough opening (table, top right) extending below the fountain mounting plate.
- Run drain pipe to center of openings on mounting plate and install drain trap in wall per local code.
- Run supply water with service valve, if necessary.
- If optional bottle filler is included with order, attach piping assembly provided by Filtrine to the back side of the mounting plate with two screws and rubber gasket for standard bottle filler and flare connection for vandal proof bottle filler.
- Fasten mounting plate over rough opening with 5/16" countersunk lag bolts with bottom of plate 27" above the floor to meet ADA fountain height requirement of 34 3/4" to the bubbler spout.
- Install cover plate over the mounting plate for on-wall installations.
- Slide each fountain and vandal proof bottle filler arm (if ordered) over the horizontal tongues protruding from the mounting plate and fasten arms with set screws pushing slightly against the cover plate or finished wall.
- Connect drain line to slip coupling and connect water connection.
- If your model includes the access panel, measure, mark and install the included "L" brackets with #8-32 screws and align panel to cover plate with alignment pins.
